UNITED STATES PATENT AND TRADEMARK OFFICE

CERTIFICATE OF CORRECTION

PATENT NO. : 7,471,656 B2
APPLICATION NO. : 10/685727
DATED : December 30, 2008
INVENTOR(S) : Karoubalis et al.

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

In column 2, lines 16-26, delete "Thus, via specific 802.11 MAC layer mechanisms, the STA 12a is now physically attached to a foreign AP 10c. However, it was not one of the IAPP objectives to provide support for inter-network (L3 or IP) handover of 802.11 roaming STAs. Accordingly, any packets now destined to the home address of the STA 12a are routed to its HN. However, these packets will be dropped due to the fact that the STA 12a does not physically belong there anymore. Similarly, any packets originated from the STA 12a will be dropped inside the foreign network, because their source IP address does not belong to this subnet." and
insert the same on Col. 2, Line 17 as a new paragraph.

Signed and Sealed this

Sixteenth Day of June, 2009
